

Become a Hoof & Hearts Awards Sponsor

Be part of something special this year and help celebrate rescued animals across the north of England. HAPPA, your local equine charity, is bringing to Lancashire a brand-new event to recognise the people and animals who make our lives better and your business could be part of the celebrations as a leading sponsor of the event.

HAPPA Hoof & Hearts Awards 2026 has been launched to recognise the people and animals who make our lives special. Nominations will be open to charities, non-profits, businesses and individuals who are leading the way in animal causes. This event will celebrate pet owners, animal lovers, equestrian communities, and rescue establishments in a night of glitz and glam away from the hard graft of animal care.

By purchasing one of our four packages your business will be showing support to the very best of the north's animal welfare community.

The Awards, which will be held at Dunkenhalgh Hotel & Spa, in Blackburn, on Saturday 26th September will play a significant part in the HAPPA's event calendar and will raise funds for the Charity.

Your business will share in our success and will be contributing to our mission of Giving a Second Chance to Neglected, Abused and Unwanted Equines.

This event will only be possible through the generosity and support of our business community here in the heart of Lancashire. Be part of something special and unique, the first ever animal awards in the northwest.

Each year HAPPA's vital work costs £22,000.00 EVERY WEEK and funds are raised through public and private support as we receive no government or lottery funding. By supporting the HAPPA Hoof & Heart Awards you can help to save a horse's life.

This year more than ever we are hoping the event will be a success to boost the funds needed to care for our ever-increasing equine 'family'.

Please be assured that your contribution will make a difference to our organisation and those who rely on us for support, advice, education, and the chance to interact with animals in a safe and friendly environment.
